Permission to Take Home.

Please provide us with a list of responsible adults who may collect your child on a regular basis.

We are aware that some children regularly go home with friends, family or other responsible adults that are not on your child's emergency contact list and therefore do not have this permission. This form will enable us to keep a record of people that may collect your child from school without us having to contact you or you contact us.

Please note, this information does not replace the emergency contact details you have already provided on the Data collection sheet. The responsible adults that you have included on this form will not be contacted in an emergency, this only gives permission for your child to go home with them.
